Definitions

- » **Average Time for Financial Eligibility Determination:** This indicates the average length of time it takes the state to determine if an individual considering enrollment in PACE is eligible for Medicaid.
- » **Allows for Expedited Medicaid Financial Eligibility:** This indicates whether the state has a process for accelerating if a potential enrollee is eligible for Medicaid.
- » **Rate-Setting Methodology:**
 - **Uses Percent of UPL for Rate Setting:** The state sets the monthly PACE capitation rate as a percentage of the UPL.
 - **Uses PACE Experience Base for Rate Setting:** The state sets the monthly PACE capitation rate based on the services provided, cost reports, or a combination of the two in previous time periods, trended forward to the current rate period.
 - **Uses Medicaid Managed Care Rate for Rate Setting:** The state sets the PACE capitation rate based on the actual or expected costs of services provided to a comparable population through managed care plans.
- » **State Reporting Requirements: This indicates whether the state has implemented state reporting requirements for PACE organizations.**
 - **Service Encounters:** The state requires PACE organizations to submit encounter data to capture services.
 - **Cost Reports:** The state requires PACE organizations to submit cost reports to classify care coordination, care management and/or other care-related costs.
 - **Outcome Data:** Quality measures used to assess the performance of PACE organizations.
