

Tabula Rasa HealthCare Expands CareVention HealthCare Offerings with Addition of PersonifilRx and Pharmastar

MOORESTOWN, N.J., October 5, 2020 -- Tabula Rasa HealthCare, Inc. ("TRHC") (NASDAQ: TRHC), a healthcare technology company advancing the field of medication safety, announced the acquisition of Personica, LLC, corporate parent of PersonifilRx and Pharmastar, a provider of pharmacy services, including 340B and Medicare Part D administration solutions, to Programs of All-inclusive Care for the Elderly (PACE).

"Personica is a compelling and natural addition to our current family of PACE-focused solutions," said TRHC Chairman and CEO Calvin H. Knowlton, PhD. "For many years we have worked closely with the Personica team to serve the pharmacy needs of our PACE clients. This addition to our CareVention HealthCare division increases our pharmacy footprint and advances our pharmacy offering to serve 340B entities, including PACE programs. Additionally, it strengthens our ability to offer highly complementary solutions. We are excited to welcome their clients and dedicated team members to the TRHC family."

The Centers for Medicare & Medicaid Services (CMS) requirements to operate a Part D plan, which apply to all PACE programs, are complex. Additionally, CMS performs financial audits on at least one third of all Part D plans each year and encourages PACE programs to engage third parties to help with oversight and administration of their plans. Personica's Part D solutions are designed to satisfy these demands and include Medicare and state reporting requirements; claims processing; fraud, waste and abuse monitoring; and drug utilization review programs.

Personica CEO Peter Farrow noted, "The synergy of the tools brought together by TRHC will benefit both new and existing PACE plans, and more importantly, the members they serve. The PACE market will continue to grow at healthy rates as its value-based model delivers outstanding results in its mission of caring for the elderly. This is an exciting development for TRHC, our team, and PACE."

PACE is a federal program providing comprehensive medical and social services to individuals 55 and older who are nursing-home eligible. The goal of PACE is to keep participants living in their own communities and to provide quality medical care. Currently, 135 PACE programs operate 272 PACE centers in 31 states, serving over 51,000 participants.

About Tabula Rasa HealthCare

TRHC is a leader in providing patient-specific, data-driven technology and solutions that enable healthcare organizations to optimize medication regimens to improve patient outcomes, reduce hospitalizations, lower healthcare costs and manage risk. Forward-Looking Statements

This press release includes forward-looking statements that we believe to be reasonable as of today's date, including statements regarding Medication Risk Mitigation technology. Such statements are identified by use of the words "anticipates," "believes," "estimates," "expects," "intends," "plans," "predicts," "projects," "should," and similar expressions. These forward-looking statements are based on management's expectations and assumptions as of the date of this press release. Actual results might differ materially from those explicit or implicit in the forward-looking statements. Important factors that could cause actual results to differ materially include: the need to innovate and provide useful products and services; risks related to changing healthcare and other applicable regulations; increasing consolidation in the healthcare industry; managing our growth effectively; our ability to adequately protect our intellectual property; and the other risk factors set forth from time to time in our filings with the SEC, including those factors discussed under the caption "Risk Factors" in our most recent annual report on Form 10-K, filed with the SEC on March 2, 2020, and in subsequent reports filed with or furnished to the SEC, copies of which are available free of charge within the Investor Relations section of the TRHC website ir.trhc.com or upon request from our Investor Relations Department. Any forward-looking statement speaks only as of the date on which it was made. TRHC assumes no obligation and does not intend to update these forward-looking statements, except as required by law, to reflect events or circumstances occurring after today's date.
